Surf Pines Homeowner's Association

1979 01 01 - 152517-7-47

134429

The board members for 1978-1979 are : Dan Williamson, Don Adams, Bob O'Donnell, Joe Zeigler and Marilou Sayer. Board meetings are held monthly. If there are any matters that you wish to be brought to the attention of the board, please contact a member of the board. Meetings are open, and if you wish to attend, it can be arranged.

A temporary directory for Surf Pines has been prepared. There are probably some errors, and we ask that you please contact Marilou Sayer, 861-1113, for additions or corrections.

Sam Forte has the results of a recent survey of the community regarding tennis courts. No concrete plans have been formulated yet, nor have any decisions been reached. Property for the courts will be leased, and an attorney will draw up an agreement to be presented for approval.

Dan Williamson reports that there will probably be no further development on the Strawberry Hill area until Spring of 1979.

Vandalism continues in our area, and an assessment may be necessary to cover the costs of repairs. Speed and street signs are being replaced. We urge all residents to aid in the attempt to discover the sources of vandalism. Vic Olson's gatehouse now has a record-a-call, so if you have a problem, or any pertinent information, please leave a message and you will be contacted. Because of the high incidence of vandalism, a short range plan has been developed: New bumper stickers will be provided to residents; each resident will receive a directory of the area; residents are asked to note license numbers of non-resident cars; spot checks of cars will be held at both entrances. In addition, as a temporary measure, a pipe gate will be installed at the north entrance, to be secured from approximately 8:00 PM to 7:00 AM. We realize that this will be an inconvenience to some, but hopefully, all residents will bear with us. Signs will be posted, and all residents will be notified prior to installation of the gate.

Since our area is growing rather quickly, more problems are arising daily. It was suggested that there be two meetings of area residents each year. If arrangements for a meeting place can be firmed, there will be a meeting in February.

A newsletter will be sent out quarterly, with each water bill. If you wish to bring any matter to the attention of area residents, please advise any member of the board, or call Marilou Sayer.
